Report on Special Talk- “Swami Vivekananda Thoughts on Women Empowerment”

Women Empowerment Cell of Raghu Engineering College organised a special talk by Ms Gopika Chaganti , Project Head , Quantum Solutions, Hyderabad. She is an active member of Ramakrishna Mission Visakhapatnam. Ms Gopika has given many talks on Swami Vivekananda preaches, as a part of being the member of the mission. She has given a mesmerising talk connecting the preaches of Swami Vivekananda , to women empowerment.

The one hour talk of her's has taken the girls to be dumbstruck by the way she has given the live examples with sanskrit quotes which are deeply rooted in our culture. In her talk she has explained how Swami Vivekananda emphasises the innate dignity and divinity of all individuals regardless gender. She also recollected with examples the way he encouraged women to cultivate self-reliance and believed in women to be economically self-sufficient.

She said, Swamiji always believed that women possess unique qualities such as compassion, nurturing, and intuition, which are essential for the spiritual and moral upliftment of the society.

The session has been very interesting and thought provoking , which made the girls to laud the speaker with laurels.

A Report on International Women's Day Celebrations 2023

International Women's Day is celebrated around the world every year on the 8th of March. It celebrates womanhood and pays tribute to the indomitable spirit of women across the globe. Its root lies in the early 1900s when oppression and inequality was spurring women to become more vocal and active in campaigning for change. The main objective of this day is to create awareness of gender equality for a healthy society. Also, the milestone to be reached is the basic information for a girl child in every family that education will bring awareness among the society which will further result in overall development of nation and its community. This day is celebrated with great enthusiasm and response from the girls of our college by conducting different events, encouraging the girl students active participation.
