

Eureka! Pitching Competition

E-CELL REC

Event Highlights

Idea Pitching Competition. The Eureka Event commenced with a dynamic Idea Pitching Competition at 10:00 AM. Participating teams took center stage, presenting their innovative business concepts to a panel of esteemed judges. Each team was allotted 2-3 minutes to deliver a concise pitch, outlining their business model, potential impact, and unique selling points. Following each presentation, a panel of expert judges engaged in a 3-minute Q&A session with the teams. This interactive session provided valuable feedback, challenged teams to refine their ideas, and explored the feasibility of their proposed ventures. The competition showcased a wide range of innovative ideas, with several teams demonstrating exceptional potential. The judges carefully evaluated each pitch based on its strength, presentation, and other key factors to select the top-performing teams. This engaging pitching session not only provided a platform for aspiring entrepreneurs to showcase their ideas but also offered valuable insights and feedback for future development.
